The villagers of Phalguni and Bettagere have asked permission to open a road to Bhairavana Kottige at their own expense. The road deviates from the 1st furlong on the Mudgere Mangalore road. The total length of the road is about 2½ miles. The road passes through several occupied and Govt. lands. The Khatedars have given consent to the road passing through their lands and do not want either compensation or remission of proportionate assessment. The road is only an improvement upon the already existing track which was impassable by carts. The villagers have no objection and state that they have no objection to throw open the road for public use and that the road will be maintained by them. A Muchalika has been taken. The road is said to be useful to many of the villagers and Coffee Planters. The alienation is recommended.
